1.1.2 The Institution adheres to the academic calendar including for the conduct of CIE

As the internal evaluation system for various courses and Programmes is being done under the guidelines prescribed by the affiliating university, it is not possible to undertake massive reforms in the CIE system. Apart from the sessional examinations, Departments also adopt certain internal evaluation procedures like student seminars, unit test, open book test, surprise test, home assignments, etc. College's sessional examinations are conducted as per schedule as outlined in the academic calendars. This is not applicable in the context of RTMNU examinations. It is ensured that the sessional examinations are carried on smoothly and in a hassle-free manner, for that an examination committee is constituted by the Principal, which is responsible for preparing a subject wise examination schedule for the various academic departments. The college holds the examinations as per this prescribed schedule. The faculty members of the individual departments prepare question papers and send the hard and soft copies to the examination committee which takes the task of finalizing it in the printed in required quantity. The committee also undertakes the responsibility of sending blank answer script booklets in the required quantities to well ahead of the examination schedule. The invigilation duties on the examination dates are given to the faculty members. The answer scripts are evaluated at the departmental level by subject teachers and the mark sheets are submitted to examination committee and the examination committees finally submit all result to the Principal. An academic calendar is prepared by the institution under the active supervision of the IQAC. This is prepared after publication of the affiliating university's (RTMNU, Nagpur) academic calendar and holiday notification. The calendar is uploaded at the institutional website. This calendar incorporates various important events and activities planned during the academic year viz. tentative schedule of the various examinations, field visits, different in-house activities/events like celebration of college social gathering 'Unmesh', etc. However, different miscellaneous events/celebrations, mostly events that are conducted / held at short notices or within short preparation schedules are excluded from the purview of this academic calendar.
