Feedback about Infrastructural Facility and Teaching Faculty

(2015-2016)

1. Introduction :

In view of quality enhancement and maintaining the standard of higher education at our institute, Taywade College, Koradi, the formal feedback committee is established by IQAC in Academic Council of the college for the session 2015-16. The feedback about infrastructural facilities and teaching quality of faculties has been collected by committee from student at the end of semester/ session in the form of questionnaire. Various components of teaching have been included in the feedback form as also about the other facilities like library, administrative office, physical education, classrooms and different amenities provided to the students.

2. Methodology :

The well-structured feedback questionnaire about infrastructural facilities and teaching quality of faculty has been distributed to students pursuing different programmes through their respective Class-in-charge. A random sample of about 200-250 students is taken from each stream i.e. Arts, Commerce and Science). Every individual teacher's performance has been obtained from students through the said feedback format on 00-10 points scale namely Excellent (9-10), Very Good (7-8), Good (5-6), Average (3-4) and poor (0-2). The feedback of the various facilities provided to the students is obtained through said format in the form of Yes and No.

3. Analysis of Data and Result

The feedback committee analyse the feedback obtained from the students by using statistical and graphical methods. Every individual teacher has been graded based on average score obtained which is given by concern students on 00-10 point scale as Excellent(90-100%), Very good(70-80%), Good (50-60%), not satisfactory(30-40%) and Poor (00-20%).The entire faculty member scored from Very good to Excellent.

Analysis of infrastructural facilities also done by committee and its pictorial graphs are submitted to Principal. Student gave some acceptable suggestion. The overall infrastructural facilities are of good quality.

4. Suggestion from students

- To provide pick up and drop bus facility from college to bus stop.
- The connectivity and speed of internet/ Wi-Fi should be improved.
- Increase more number of placement opportunities.
- Provide audio-visual facility in class -rooms.
- Increase the Library reading room hours.
